## CONVO SPEAKER GIVES CAUSE FOR PEACE STRIKES

Dr. Walter Horton Discusses Peace Problems That Confront Present Day Students

### STRIKES ARE HELD IN MANY COLLEGES

Emphasizes That Students Should Examine Closely Armament Grants

The reasons for the student nation-wide peace strike, the need for clear thinking on the part of college students concerning the complicated problems of war and peace, and the questions of national defense, the League of Nations, and the armament budget were discussed by Dr. Walter Horton of the Theology School of Oberlin College, at the peace convocation held yesterday morning in Memorial hall, in connection with the peace strike held on college campuses throughout the country as a student demonstration against war.

"The intellectual classes occupy a key position in relation to the actual outbreak of war," Doctor Horton said, explaining the need for student peace convocations. "As University students occupying such a key position, we must meet to think about and discuss the causes of war, so that we will be able to react against a feeling of hysteria when a crisis occurs." In the last war, he continued, the intellectuals were led around by the nose. Through demonstrations such as are being held today, reasons will take the lead instead, he contended.

Two conflicts facing every individual, said Doctor Horton, are fascism and democracy, and the question of neutrality and international cooperation.

The problem of whether an individual will uphold democracy against fascism to the point of going to war for that reason, and the effectiveness of such a war is one which we must consider now, Doctor Horton stated. How far the United States should follow a neutrality policy and how far we should become involved in machinery such as the League of Nations in an effort to secure world peace is another question which must be decided.

Discussing the armaments race and the billion-dollar budget proposed for our army and navy, Doctor Horton said that "students should demand a definition of the national defense, which would explain what is to be done with such an increased army and navy, and for what purposes they would exist." As the safest nation on the face of the earth, the United States can take the lead in restraining the race for armaments, and is in a position to take the first step in a proposal to recognize the validity of the Oxford Pledge and other pledges similar to it, and in a discussion of the compulsory element of military training.

Doctor Horton concluded with an explanation of the meaning of the fact which students participating in the peace strikes have imposed upon themselves, explaining it as a symbol of a people willing to make sacrifices before necessity compels them to. The convocation was closed by Tom Spragens, president of the Y. M. C. A., who introduced the speaker and presided over the convocation.

## Senior Honorary Inaugurates New Plan Of Pledging

Lamp and Cross, men's senior honorary fraternity, will pledge 18 outstanding members of the junior class Saturday, May 1, in connection with the May Day celebration. James Barton, president, announced yesterday.

Bids have been sent the men and the announcement is pending the return of the bids acknowledging acceptance.

Selection of the men is based on three things: first, initiative; second, scholastic standing; and third, campus activities. Men voted admission must receive three-fourths of the votes of the entire membership of the organization.

Originating on the campus, the organization includes in its alumni members Dean W. E. Freeman and J. Richard Johnson of the College of Engineering, T. R. Bryant of the Experiment Station, Bart Peak, secretary of the Y. M. C. A., and many prominent business men of Lexington.

The major projects at present of the fraternity are the freshman scholarship awards, one giving free tuition for the student's sophomore year and the other awarding a plaque.

### WEBB ATTENDS CONVENTION

Prof. William S. Webb, head of the department of anthropology and archaeology, has returned from Iowa City, Iowa, where he attended the 16th annual meeting of the Central Section, American Anthropological association and the Society of American Archaeology. The two groups were in joint session at the University of Iowa. Professor Webb, as president of the anthropology group, presided at the meeting.

## PRINCIPALS IN "DISTAFF SIDE"

FRANK WILLIS

BARBARA SMITH

## Five Female Types Analyzed In Guignol's Next Production

### Kyian Ready For Distribution Early In May

The 1937 Kyian will be ready for distribution early in May. Those students who have paid deposits are urged to make final payment at the Kyian office as soon as possible.

All seniors who anticipate summer school graduation and graduation in June are entitled to a 1937 Kyian in May upon presentation of the receipt of their senior fees.

## CAT SPEEDSTERS TO MEET BEREAS

### Track and Field Stars Will Enter Competition Against The Mountaineer Thinsies Saturday On Stoll Field

Giving Coach C. A. Striplin the first real chance to get a good idea of what kind of material he has, good weather lasted long enough yesterday for the track team to hold trials for the track meet which will be held with the Berea College Thinsies tomorrow afternoon on the Stoll field track.

Coach Striplin changed the squad around somewhat from that which he sent up against Vanderbilt last week. The Berea boys will bring a team to Lexington which is much improved over the one which the Wildcats defeated in Berea last season. Always strong in the distant events, the mountaineers will bring a team also studded with good dash men and field athletes.

"Red" Simpson, the "Cats" star javelin tosser, was lost to the squad when he was called home on account of sickness in his family. This will present a severe handicap to the Blue and White team as the Berea boys claim to have a javelin man who is capable of bettering 180 feet with his throws.

However, the addition of several football players to the team will add to its power. Heinkeben and Linden should greatly strengthen the weight throwing department.

Those who will take part in tomorrow's meet will be: Willis, Forden, and Heineman in the 100-yard dash; Willis, Heineman, and Pritchard in the 220; Doyle, Hillard, and Ledridge in the 440; Rogan, Hillard, and Deane in the 880; Rogan in the mile; Durbin and Steckmetz in the two miles; Willis, Forden, and Curtis in the low hurdles; Willis and Curtis in the high hurdles.

Carlisle, Leonard, and Curtis will take the broad jump assignment; Nevers, Hinkbein, and Davis will throw the discus; Nevers and Linden the shot put; Combs and Miller will throw the javelin. Carlisle, Curtis, and Raynor or Head will high jump while Miller and May will be the pole vaulters. McMakin, Rogan, Hillard, and Doyle will compose the mile relay team.

### NICHOLLS IS SPEAKER AT K. C. P. A. BANQUET

Dr. W. D. Nicholls, of the College of Agriculture, and president of the School Board Members association of Kentucky, was one of the speakers at a banquet given by the Kentucky Congress of Parents and Teachers in Frankfort Wednesday night.

### RYLAND TO INTERPRET PLAY

"Les Precieuses Ridicules," a French comedy by Moliere, which will be presented Friday night by a group of Asbury College students in the auditorium of the University training school, will be interpreted in English by Dr. Hobart Ryland, head of the department of romance languages. A banquet will be given by the French club at 6:30 o'clock in the training school. Dorothy Santen is general chairman for the event.

## John Van Druten's London Sensation To Begin In Campus Theatre Monday Night

The last major Guignol production of the current season, "The Distaff Side," a three-act comedy by the English playwright, John Van Druten, opens at the Guignol Theatre for a week's run at 8:30 o'clock Monday night.

Chosen as one of the outstanding foreign plays of the 1934-35 season, "The Distaff Side" appeals directly to the most consistent of drama supporters, the women players, being concerned frankly with an observing male's study of five feminine types—a widowed mother who in a way absorbs and seeks to compose the social and marital problems of both a lightly unconventional daughter and a socially rebellious sister, a querulous and exacting grandchild, and a small-town wife wearied of the monotony of a dull marriage.

The play takes its name from the distaff, which is, in spinning, the staff on which the thread is drawn, and it was and still is used in primitive methods of spinning. The distaff has always been considered as the peculiar emblem of feminine occupations, as opposed to masculine (represented by the spear), and has come to be used figuratively for a woman.

The cast of the play is as follows: Mrs. Venables, Mary Sue Waldrup; Evie Millward, Dorothy Dyer Rodes; Liz Frohisher, Ann Hart Millard; Nellie Fletcher, Jane Rathford; Roland, Mason McIntosh; Alex, Barbara Smith; Christopher Venables, Ben Buffett; Theresa Venables, Jean Abel; Miss Spicer, Sarah Elizabeth McLean; Rose, Sarah Galtskill; Toby Chegwidden, Frank Willis; Charles Hubbard, Frank Fowler Davis; Gilbert Baize, Harlowe Dean Jr.

First produced in London, "The Distaff Side" received its American premiere at the Booth Theatre in New York City in 1936, where it ran for 155 consecutive performances.

The play, which is directed by Frank Fowler, will run through Saturday with a matinee Saturday afternoon at 2:30 o'clock.

## Phi Beta Kappa Pledges Fifteen

### Names Of Candidates Will Be Announced Sunday By Chapter Secretary

Names of the 14 undergraduates and one alumnus, who will be pledged to Phi Beta Kappa, national honorary scholastic fraternity, will be announced in Sunday's newspapers, Niel Plummer, assistant professor of journalism and secretary of the local chapter of the fraternity, said yesterday.

The pledges will be initiated by the organization prior to their annual banquet, which will be held Wednesday, May 7, at the Lafayette hotel.

Dr. S. E. Leland, professor of economics at the University of Chicago, formerly a member of the University faculty, will be the guest speaker at the banquet.

Doctor Leland has written extensively on taxation and served the city of Chicago in revising their taxation methods. He is now a member of the Illinois State Tax commission.

## American Literus To Address Convo

A general convocation, with Henry Wadsworth Longfellow Dana, grandson of the poet of that name, as the principal speaker, will be held at 10 a. m. Tuesday, April 27, in Memorial hall.

Mr. Dana, an outstanding figure of American literature, will talk on "The Longfellow House in Cambridge." He will make two other addresses while on the campus. Friday at 10 a. m. he will give a lecture on "New Experiment in the Theater," and Friday night at 8 o'clock he will talk on "The Russian Theatre Today." Both of Friday's lectures will be illustrated.

## ODK Aspirant's Points Are Due Next Tuesday

Applicant Blanks May Be Secured From Kernel Business Office

Points of candidates for Omicron Delta Kappa, honorary campus leaders' fraternity, will be due Tuesday, April 27, according to an announcement made yesterday. Candidates should submit their lists to The Kernel business office.

Students who believe they have nearly enough points for admission are urged to turn them in, and those men who did not have entry blanks may obtain them from the business office.

In addition to points listed on the sheet, students who are members of the Student Council, advanced band members, and members of the swimming team will be granted recognition.

Election of new members will be held shortly after the points are turned in and checked.

## HIGH SCHOOLS IN ACADEMIC TESTS

Mathematics, Science, History, Literature and Commerce To Be Included In Achievement Quizzes

Representatives from high schools of all sections of Kentucky will participate in the high school achievement tests of the Kentucky Interscholastic league which begins today under the auspices of the department of extension in the Training School building.

Tests will be given in English literature, American history, world history, civics, general science, biology, physics, chemistry, algebra, plane geometry, accounting, short hand, typing, home economics and general scholarship.

The papers will be graded by members of the department of extension, and awards will be made to the pupils ranking in the high-tenth of all those taking part.

Trophies to the schools making the greatest number of points will not be awarded this year. It was deemed difficult to find a satisfactory basis on which to make these awards.

Approximately 400 students attended the league's meeting last year. The tests are divided into two sections this year, with the first section having been held already. Estimates of the probable attendance today could not be made, officials of the department of extension said yesterday.

## AWS Will Sponsor Fourth Sing Night

Popular, Semi-classical and Classical Selections Are On Program

The fourth A. W. S. community sing of the year will be held at 7:30 o'clock Tuesday night in the amphitheatre of Memorial hall, with Miss Mildred Lewis directing.

Although popular songs will predominate, semi-classical as well as classical selections will be included on the program. Mrs. Sue Durham Griffith will be the accompanist.

Sarah Gentry heads the committee on arrangements, assisted by Madge Regan and Ruth Ecton.

Three other sings, all of which were successful, have been held during the current school year. High school and townspeople are invited to participate in the Tuesday night sing.

## Degree Conferred On President McVey

Dr. Frank L. McVey was one of four distinguished educators to have conferred upon them honorary degrees by the University of Louisville in connection with that University's centennial program.

Doctor McVey received the degree of doctor of laws, as did Pres. James Richmond, Murray State Teachers College.

The degree, doctor of humane letters, was conferred upon Pres. W. J. Hutchins of Berea, and the degree, doctor of science, was given Dr. C. H. Judd, dean of the school of education, University of Chicago.

### CORRECTION

It was erroneously reported in The Kernel that the executive board of The Kernel consisted of four members. It consists of but three. The error is regretted.

## NYA Checks Available At Business Office

NYA checks for the month ending April 10 will be distributed at the business office today between the hours of 9 and 11 in the morning and from 1 until 4 in the afternoon.

## HIGHLIGHT COEDS RECEIVE AWARDS AT W. A. C. FEAST

DDD Anne Lang and Dorothy Wunderlich, Independent, Chosen Outstanding Junior Women

### 431 WOMEN STUDENTS THROUG ANNUAL AFFAIR

President McVey and Brownie Leach Deliver Chief Addresses

Selection of the outstanding junior women and the Alpha Gamma Delta annual award to the freshman woman most outstanding in scholarship and activities were the featured "entries" at the W. A. C. banquet held Wednesday night in the University Commons. Helen Farmer, president of the organization, presided.

Anne Lang, Delta Delta Delta, Lexington, and Dorothy Wunderlich, Independent, Louisville, were given the junior awards by Virginia Robinson, retiring president of the A. W. S. Marnie Hart and Frances Sadler were given honorable mention. Harriet Hendershot, Kappa Delta, Louisville, received the silver loving cup from Evelyn McAllister, president of Alpha Gamma Delta.

The program opened with group singing led by Miss Mildred Lewis. Mr. G. B. (Brownie) Leach, publicity manager of Keeneland, who was then introduced, gave a brief outline of thoroughbred racing and told of the purpose of Keeneland.

The Phi Beta "entry," a sixtette, presented several selections. They were followed by the "officers' entry," composed of the A. W. S., the Y. W. C. A., the W. A. A., and Phi Upsilon Omicron.

Virginia Robinson presented the new officers of the A. W. S., who are Frances Sadler, president; Rae Lewis, vice-president; Dorothy Santen, secretary; Ruth Johnston, treasurer; Mary E. Koppius, town representative; Dorothy Whalen, retiring president of the Y. W. C. A., introduced the officers of that organization for the coming year, as follows: Anne Lang, president; Margaret Markley, vice-president; Sue D. Spivey, secretary; Margaret Redman, treasurer; Jane Welch, president of the W. A. A. awarded recognition pins to Dean Sarah G. Blanding and Mrs. Sarah B. Holmes for their services rendered to the Association during the year. Nell Shearer, president of Phi Upsilon Omicron, presented the new initiates of this honorary. They are Roberta Atkins, Bina Baird, Cornelia Crafton, Marnie Hart, Mary Jordan, Ode, Laverne Royalty.

Dr. Frank L. McVey, the principal speaker, was introduced by Helen Farmer. He immediately said that he was proud of his "paddock." In a more serious vein, he remarked that he hoped the women students would "carry away with them something of the spirit and purpose of the University." He urged college women to interest themselves in current problems and discover a means of meeting and solving them. "Here," he stated, "is the viewpoint, idea, and purpose of education. Justify it for yourselves, your families, your friends, your city, and your Commonwealth."

The Girls' Glee club, directed by (Continued on Page Four)

## Vandenbosch Speaks At Annual Dinner

### UKy Professor Presents Four Alternatives In Solving Philippine Problems

Declaring that "the American policy in regard to the Philippine Islands is definitely off on a tangent," Dr. Amry Vandenbosch, head of the department of political science, told persons gathered Monday night at the Lafayette hotel for the annual dinner of the Kentucky Society, Sons of the Revolution, that "this policy has put the United States on the horns of a dilemma."

Four alternatives were presented by Doctor Vandenbosch in discussing solving the problem. "One is to draw the shades, permit the islands to go their own way, and then witness the ruin and chaos; another is to fight for them, which would result in economic and financial ruin here; a third, is to use Wilson's Fourteen Points in the protection of the islands, but this probably would not work; a fourth, the agreement of all powers having interests in the Far East, might work, whereby the Philippines are given protection by all, a sort of international guardianship."

Tom R. Underwood, editor of the Lexington Herald, was the other speaker on the program. He discussed "The Lamp of Past Experience Lights the Path of the Present." They were introduced by Judge R. C. Stoll, toastmaster, who presided.

### SHERWOOD MAKES ADDRESS

Dr. T. C. Sherwood, head of the department of anatomy and physiology, and Oren R. Depp, graduate assistant, are attending the Federation of Associated Biochemists' convention this week in Memphis, Tenn. Doctor Sherwood delivered an abstract on "The Effect of Vitamin A on the Oestrus Cycle of the Rat."

## Kentucky Racquet Squad Smashes To 4-3 Victory Over Indiana In Debut

### Kernel Staff Will Meet 3 P.M. Today

A reorganization meeting of The Kernel staff will be held at 3 p. m. this afternoon in The Kernel news room.

All students interested in working on The Kernel the remainder of this semester and next year are urged to attend the meeting. Persons attending the meeting should be prepared to take notes.

## MEDIC MYSTERY AT COLLEGE NITE

"Internes Can't Take Money," Spotlight, March Of Time, And Popeye Drama Compose Screen Menu

"Internes Can't Take Money," daring story of men who save lives, will be the feature attraction of the tenth College Night sponsored by the Kernel tonight at the Kentucky theatre.

Students who present coupons before 8 o'clock tonight will be admitted for the regular matinee price of 27 cents, according to J. D. Ensigner, manager of the Kentucky. Two students will be admitted on one coupon. Coupons for tonight's show will be found elsewhere in today's Kernel.

"Internes Can't Take Money" will star two of the screen's great lovers, Joel McCrea and Barbara Stanwyck. The picture, produced by Paramount, is the story of minute men in white, the internes of a hospital.

Other attractions in the College Night program will be a Grantland Rice Spotlight, a screen song, a chapter in the "March of Time" and a Popeye cartoon, "Little Sweet Pea."

## Students Awarded Honorable Mention

Honorable mention in a nationwide feature writing contest was awarded to two students of Journalism 12 by Publisher's Auxiliary, Cincinnati, Ohio, magazine for newspaper workers, according to a notice received by Niel Plummer, assistant professor of journalism. The contest was conducted during March.

They were Martha Moore, sophomore in the College of Arts and Sciences, whose article was titled "Officer Kelly Evidently Needs a New Flashlight," and Thomas Watkins, also a sophomore of that college, whose article was titled "Hell Week Howlers Meet Wrong Train."

## U-High Presents Annual Senior Play

"Growing Pains," a three-act comedy starring Marion Valleau and William R. Adams, was presented by the senior Pluses of the University high school last night in the school auditorium.

Miss Valleau, who portrayed Mrs. McIntyre the mother of two children, is the daughter of Dr. W. D. Valleau of the College of Agriculture. Mr. Adams, in the role of Professor McIntyre, is the son of Dr. Jesse Adams of the College of Education. Mary Conant, daughter of Mr. and Mrs. W. M. Conant, played the part of Terry.

"Growing Pains" was directed by Miss Fannie Herman and Miss Grace Anderson, members of the University high school faculty.

Other principal characters in the play included Richards Swope as George McIntyre; Louise Lucas as Sophie; Evelyn Bradley as Mrs. Patterson; and Helen Horlacher as Elsie Patterson.

## REGIMENTAL PARADE WINNERS ANNOUNCED

The second battalion, commanded by cadet Lieut.-Col. Gene Myers, won the battalion competition. Company E, commanded by cadet Capt. James Barton, was adjudged winner in company contests, and Company G, under the command of cadet Capt. Earl Martin, finished second in company competition. It was announced yesterday by officers of the department of military science upon completion of the first regimental parade of the year.

Company E's second platoon, commanded by cadet Lieut. Joseph Spears, was adjudged winner of the platoon "best line" drill.

### STUDENT WINS AWARD

N. I. Gebhart, Kansas City, Kans., junior in the College of Engineering, was awarded \$50 for a talk on "Telescopes" at the annual southern student conference of the American Society of Mechanical Engineers.

## Warfield Donohue Leads 'Cat Attack By Routing Hoosier Star 6-1, 6-1

### ENGLEBARDT SWINGS TO GRUELLING WIN

Sewanee Will Be Here This Afternoon; Matches Start At 2 p. m.

Opening its season in an auspicious manner, the University tennis team defeated Indiana University 4-3 in a match that was not decided until the final doubles game yesterday afternoon on the local courts.

Playing better than expected from their admirers, the Kentuckians showed up well, considering their lack of practice. Indiana exhibited a good brand of tennis and might have won if they had been in better shape. Not that they weren't in good condition, but when it came time for the doubles matches the men who had played the singles appeared tired.

Only one thing marred an otherwise perfect tennis match and that was a slight injury to Treman of Indiana in the last game of the doubles, when playing with McElvain against Donohue and Wisner. He ran into the post at the net in an attempt to return a ball hit by Donohue and suffered injuries to his leg and hip. He returned the ball, but in falling struck the net, thereby losing the point. Kentucky played it over, took that and the next point to win the set and match.

The playing of Warfield Donohue was the bright spot of the entire meet. Playing in the No. 1 position, he defeated his man 6-1, 6-1, and showed such form that he replaced Phil Englehardt on the No. 1 doubles team. Phil was winded after winning the longest match of the day 7-5, 4-6, and 6-4, and retired.

Coach Dischinger brought a squad of excellent tennis players here and they should go far before the season is over. Treman, Tuthill and Meirs started for the Hoosiers.

All seven men on the Wildcat team saw action with Wisner and Foster getting to play only in the doubles, Wisner on the No. 1 doubles and Foster paired with Botts on the No. 2 team.

This afternoon Sewanee comes from the Southland to engage the Wildcats in battle, and tomorrow afternoon Wayne University of Detroit, plays here. All of these games will start at 2 p. m. Monday the Kentucky team travels to Berea for a match and then goes on a Southern trip.

The results of yesterday's meet:

Singles  
No. 1 Donohue (K) beat McElvain (I) 6-1, 6-1.  
No. 2 Englehardt (K) won over Treman (I) 7-5, 4-6, 6-4.  
No. 3 Tuthill (I) beat Evans (K) 6-3, 3-6, 7-5.  
No. 4 Meirs (I) defeated Montgomery (K) 4-6, 6-4, 7-5.  
No. 5 Botts (K) won over Kingdon (I) 6-1, 3-6, 6-2.  
Doubles  
No. 1 Donohue and Wisner (K) defeated McElvain and Treman (I) 6-3, 6-3.  
No. 2 Tuthill and Meirs (I) defeated Botts and Foster (K) 6-1, 6-3.

## Kampus Kernels

Mortar Board will hold a meeting at 2 o'clock Sunday afternoon in the Women's building.

Alpha Zeta will hold a meeting at 7:15 o'clock Monday, April 26, in the A. Z. meeting room. All members must attend.

Lances, men's junior honorary, will conduct initiation services at 3:30 p. m. Sunday, April 25, at the Patio. All members and pledges must be present.

The Y. W. C. A. Senior Cabinet will meet at 3 p. m. today in the Woman's building.

Theta Sigma Phi will meet today at 4 p. m. in the Woman's building.

There will be a business meeting of the Sophomore Commission at 5 p. m. Monday in the Woman's building.

A dance will be given by the Catholic club from 9 until 12 o'clock, Friday, April 23, in the Lafayette hotel. All members of the organization are invited to attend.

## O'HARA PASSES BAR EXAM

Grady O'Hara, Jellico, Tenn., senior in the College of Law, received word last night that he had successfully passed the Tennessee bar examination. Mr. O'Hara passed the Kentucky examination last month. He intends to practice in Knoxville, Tenn., following graduation in June.

**HERE SHALL THE KERNEL ALL STUDENT RIGHTS MAINTAIN**

To the Former Editor of The Kernel:

Since you've set the mode in advising me, and expressing your confidence in me through this column, George, I would like, in a similar fashion, to acknowledge your words, and to pay my respects to you.

One year ago, when you assumed editorship of *The Kernel*, you visioned accomplishing something material for the students and the University. In the face of unenthusiastic students, and some narrow-minded pedagogues, your task was a difficult one. But you remained intrepid.

I remember the response when you launched your campaign for optional senior class attendance. It was anything but encouraging. The students paid little heed, and the faculty even less. But you realized that it was something that could not be accomplished with one editorial, or even in the short time of one year. You knew that the campaign had to be continued, and I will continue it for you.

Then, later, when you attacked the alleged honoraries on the campus and offered them an opportunity to defend themselves, the only response you received was a guilty look from the key collectors. Spence, if I can render no other service to the students, I will consider my administration worthwhile if I can clean up the honorary racket.

Later still, you made mention of the need of a swimming pool on the campus. Interest was created, but we still need the swimming pool.

Only recently you suggested that a united student government be established. The necessity for this action has long been sensed, and your comments brought action. It would indeed be worthwhile if the Men's Student Council and the Association of Women Students could work for a united cause.

There are many other projects and problems that you brought to our attention. The need of a field house, and other buildings, as well as the proper mental outlook on these projects; you commented on them all. If only everyone could realize the need for a greater appropriation, if they could realize the need for better equipment, and if they could but foresee the work that this University could do under better conditions, then we would stride into the realm of unrivaled schools.

And now, today, Spence, I am in the same position that you were one year ago. I am filled with the same desires of service. I am launching a year's campaign for progress.

It may be interesting for you to note, George, what my plans for the future are. May I reassure you that I will fight for everything you fought for. I will attempt to uphold the students' rights. I will give them every opportunity to express themselves on the issues facing them. If they could but realize what satisfaction it is to an editor to arouse their interest, what satisfaction it is to publish their opinions.

We have progressed during this past year, haven't we, Spence? We maintain athletic teams which can well be classed with the best in the nation. We have a superb coaching staff. We have a broad-minded and progressive president of the University. We have, generally, a capable faculty.

Yes, George, I am looking forward with a desire to do service. But as you mentioned, my duty is still to the students. I stand for a progressive, cultural, as well as athletic student body.

I pledge myself faithfully to work with, and for them.

—R. J. C.

**The Oxford Letter**

Rome, Italy,  
March 28, 1937.

To the editor of The Kernel:  
"All roads lead to Rome," it has been said. My own particular road to Rome, for the past ten days has seemed almost a succession of dreams coming true. I left Oxford on Saturday morning, March 13, with three other Rhodes Scholars, one an American from Philadelphia, one a French-Canadian from Montreal, and one a Scot from South Africa.

We spent the first evening in Paris and then sped on across France on Sunday, going through the mountains behind the Riviera and reaching Genoa just before midnight. I awoke the next morning to look out across the same waters and the same quay that a certain young Christoforo Colombo once frequented, while he was dreaming of what might lie far beyond. After a few hours in Genoa, we went on down the coast to Pisa, passing through Spezia and seeing the gulf where Shelley was drowned. At noon the next day I was standing on the very top of the famous Leaning Tower, perhaps just where Galileo once observed the falling objects. And that night we were in Florence, "Firenze la Bella." A week there, a day or so in Sienna, and now Rome.

I think Italy must be the most charming country in Europe. The people are friendly and generous; the countryside is green and picturesque, every hill crowned with a villa; there are always mountains in the distance and the sea is never far away. The cities are very old and very fascinating; the culture is rich and mellow—and living is very inexpensive. The people of Italy are unusually interesting; it seems that half of the men are in military uniform, very colorful except for the ones just back from Ethiopia (and Spain), while the women are strikingly attractive. In fact, I have never seen so many really beautiful girls in such a short time.

As I say, we spent a week in Florence, and we wished it could have been a year. "Florence the Beautiful"—both the cradle of the Renaissance and its finest tangible legacy, once the most powerful city in Central Italy, seat of the mighty Medici, and native town of Dante, Galileo, Cellini, Giotto, Machiavelli, della Robbia, Savonarola, Boccaccio, Fra Lippo Lippi, Andrea del Sarto, and nearly a score of other men of immortal fame and honor—is the most charming and cultured city I have ever seen. And—greatest glory of all—these three: Leonardo da Vinci, Raphael and Michelangelo were once working at the same time in Florence! Needless to say, the city is overflowing with treasures of every art with an almost overwhelming wealth of beauty, tradition, and magnificence.

But now I must get in a word about Rome. Naturally I have seen the Colosseum, the Forum, the Pantheon, the riches of the Vatican's art collections, the arches of triumph, the tarpean rock, Father Time, and a score of other almost equally interesting things. Most impressive of all was the tremendous Easter gathering at St. Peter's today, when I saw the Pope only a few feet away, inside the Cathedral, and a little later stood in the throng of tens of thousands and watched him give his blessing to the world from the Loggia above the facade. By the way, I had the pleasure of seeing atop the Capitoline yesterday, Crown Princess Juliana of the Netherlands and her husband. I was talking to a Swiss fellow and his girl friend in the Piazza when the royal couple came out of the Museum on our right and got into a big black automobile.

Which reminds me: Italy is a marvelous place for music. The people really have it in their blood. I remember that in Pisco one evening a bunch of "drug-store cowboys" was sitting around a radio—a coffeshop listening most attentively to a vocal concert by a soprano. Imagine that in the Commons! And Tuesday here a big crowd assembled to hear the fascist army band play Tschalkowsky extremely well in the Roman Forum. But best of all has been the Roman opera.

While on a trip to Tivoli Friday, I learned that Oxford beat Cambridge in the boat race. First time in fourteen years! But I'm more interested in hearing how the U. K. tennis team is shaping up this season and how the Sigma Chis are doing in the Intramural race, and how Pershing Rifles looks for the drill meet and a few other things like that.

P. S. from Naples, March 31.  
I just got back from Capri, a wonderful little jewel in the deep blue sea. Two of us went out there from Sorrento in a 16-foot sail boat.

It's a great life! Especially that since I've just read that U. K. just won the basketball championship. First time since I was a freshman, but that hasn't been such a long time ago. Off to Greece tomorrow. P. P. S. from Athens, April 5.  
And now I've reached the climax of the trip—we just came down from the Acropolis, after roaming through the Parthenon all morning.

Truly it surpassed understanding, the first product of the golden age of Greece. Modern Greece is very different from any country I've seen—but that will take another letter. We came down by ship through the Adriatic and the Corinthian canal into the Aegean. We spent the first day on one of Byron's Isles of Greece.

Tomorrow we are to be guests of the American Minister to Greece at his villa on the Attic shore. The days are going all too swiftly, but there are still Delphi, Salamis, Corinth, and other places here, and then Venice, Milan, and Geneva. So I'll break off now until later.

ELVIS J. STAHR

**This Campus and That World**  
By RALPH E. JOHNSON

HOW narrow are the paths to which we confine ourselves each day. Routine stuff comprises our everyday life, and we go merrily on our way blithely ignorant of the interesting things that are going on all around us. Fourth year students pass daily by buildings they have never even entered, perhaps ignorant of the name of the building or what goes on inside.

This campus of ours is a complete city almost self-sufficient. We might even secede from the city of Lexington and call ourselves the Univer City. There isn't time or space to wholly outline the possibilities therein, but mention of a few of the parallels will open up more of the possibilities for you to think about.

Let's start from the ground up and go back to the earth. Out on Rose street, and extending for acres and acres, our Univer City has a magnificent farmland tilled and cultured as model farms should be. There only the best of produce is raised. There are cows, horses, sheep and other livestock. It is a rather complete farm and is capable of producing sufficient foodstuffs for our population.

From that farm the foodstuffs could be brought to the various buildings housing our population, and there be sold through the Commons and other dining halls. We have our hotels in the form of dormitories, and residence halls. There are clubs for the socialites. We call them fraternities. We have athletic teams representing our city. They belong to a league (conference). And so on. All of that is obvious.

But back to the original premise that students know very little about the campus. Few are the students who have ever risked an hour's time and climbed to the museum of Geology in the Administration building. There our curator has done tedious work in an effort to display his specimens in an interesting way. The old library building houses another wonderful little museum of archeological exhibits well worth seeing.

On one corner of the farm there is a dome shaped building in which is located a telescope, through which on Monday nights the public may star gaze to their hearts content, and ask questions of the learned Dr. Downing who is host.

Discovery, an intriguing word, tempts our scientific men to spend long hours every night in smelly laboratories in the chemistry building. The bacteriologists are doing extraordinary work in the basement over there. And the same may be said of the psychology department. Bit by bit these men of our city are

**A Winchell or McIntyre's On the Campus**  
By A CUB REPORTER

A thought! I'll tread where most males fear to go.  
I'll visit the home economics class "Foods," for there I may beg angel food cake.

I know the damsel learning the subtle art of cooking wear no make-up. I read all about that in *The Kernel* months ago. They use no finger nail polish (it might tint cake icing), no jewelry (it might fall into the dough), no paint or rouge (it might drip into food being prepared when the gentle girls perspire—girls just don't sweat), nor do they wear fur-diddles in their hair (only hair-pins stuck in tight-ly).

I'll just venture near the door first and look in to see just what they are doing right now just before noon. Should be close to having a meal prepared—or something.

Swishing white gowns appear before my near-sighted eyes. I adjust my glasses. They are white aprons instead of white gowns.

Huh, I'll just go on in, for being a future Winchell, PERHAPS, I won't be content with peeking through a keyhole, I'll mingle with "the tops."

Brave resolution!  
I grasp the door-knob. I turn the knob gently, ever so gently. Some-one passes me in the hall. I suddenly notice that I have grasped, but have not turned the door-knob.

A bell rings. Noon-hour. Classes are over.

They'll be coming out now! Now's my chance. I step away from the door and slide along the hall; yes, slide, for later I notice that I have part of the plaster smeared on my brown topcoat.

What, no one coming out? A half-hour passes with my courage rising and falling alternately.

The door opens. A tall, stately figure comes towards me. Well, I'll interview her, I think.

"Oh, I say—uh—just what are you all doing in there?" I inquire feebly.

"Learning to cook—to be chefs. Don't you envy us?"  
"Uh, by the way, do you cook during noon-hour?"  
"No, silly, we're eating—that is, I've just finished eating what I cooked during the morning class hour."

"Why, you look all right," I resume, pause, come to a complete stop, blush, or at least become red in the face, for who has ever heard of or seen a boy blush? But I stand there and the young lady answers:

"Certainly, I look all right. Why shouldn't I look all right?"  
She'll never receive her answer, for I left that spot suddenly, awkwardly, quickly; that is, I was in the Commons before I could calm my addled brain.

Then I thought, "They eat what they cook."

**The Vice Of the People**

By GEORGE KERLER

In ascending to the readers of Hooley Pollu, we know that Franklin Dryden has many friends who enjoy his stuff. That's what accounts for the cool atmosphere drifting across the typewriter.

Mr. Dryden did a good job. There have been no preachers or mothers charging into The Kernel chieftains because of slimey or scandalous items about reputedly fine daughters.

Dryden and I got along with a minimum of friction. One never had to substitute for the other. So as Franklin climbs into The Kernel's Archives to find his resting place with a long line of scandal writers, we offer him a toast through his old column and hope that he gets all the breaks.

Frances Sledde ate a meal at home Wednesday and the change of diet put her under a doctor's care. The Sigma Chi star boarder found domesticity too strange. So consistently is Sledde in the Kalmia kiva that the Sigma Chis are forced to be well dressed at breakfast. Sirrah! Horrors!

We can't help but pass comment extolling this advertisementless editorial page. This proves that miracles never cease. Chepeleff begins his reign with a clean page. Former editor Spencer fought two semesters for just such a Kernel Utopia. That's what accounted for Spencer's suicide this morning.

Keep this paper. In two years it will be a priceless treasure.

Virginia Caywood was hostess to an out-of-town girl friend a few nights ago in Boyd hall. A fellow strode into the courthouse. He had a date with Virginia's friend, but he had never been in the hall before.

"What room does Virginia Caywood live in?" he asked Julia Hall, the buzzer of love bells.

"Room 17,"  
"Well," he inquired, "just how do I get up there?"  
(Call us when they start permitting gents to knock on a gal's door. Ah, there we go dreaming again.)

Marvin Gay fled from Keeneland Monday afternoon. He argued with a companion for thirty minutes not to put his money on Lady Sybil. Finally, the friend agreed to lay his money on the favorite. No wonder Marvin ran away. Lady Sybil won and paid \$77.

Jim Alrutz used to be one of Robbie Payne's favorites, but he's becoming just another plater. About an hour before his dates with Robbie, she calls him up and explains about "unforeseen difficulties. Sorry, can't make it."

If Mr. Alrutz wants to get to the core of the "unforeseen difficulties" call 6611 and ask C. B. Marcum what he knows about it.

You might not like dogmeat but the neighbors around the Alfaziz church suspect the ASP mascot, Herman, the alligator, is very fond of small canine. Bowser, Fido, and spot have not been seen for several days and Herman is never hungry.

Triangle Frank Stewart stumbled around the Cedar Village groaning, "I can't understand it. I had a date with Eleanor tonight and when I called for her, she flashes a wedding ring in my face. I can't understand it."

**Prying With Priapus**  
I only heard . . . Over Phisig way, Ray Lathrem, wearing fig leaves, strolled out of his room on the second floor, intent on borrowing some tooth paste. In the hallway he encountered Martha Shipp. She was looking for a book she lent Dud Murphey. Lucky Raymond . . . From now on we're gonna look in the shower bath before we get in . . . Sara Gaiskell, the Kappa Emily Quigley, courts Bobby Houllhan when Patty Van Meter isn't looking and yearns over Lou Haggin when Charlotte Briggs looks the other way. Her communistic ways will cease when the horses leave Keeneland and Walter Hodge comes home . . . After trying three months to get a date with Teenie Cooper, Warp Stevenson stands her up. That's the first time Teenie has been left holding the bag . . . Virginia Alsop was out Purdue last week-end again. She gloated about 42 unbroken hours of entertainment with a party of ten who glamorized the revelry with champagne . . . After drugging over the chart for three months, Lillian Berry Clark picked Goodie Goodman, the most Gaiskell of all the frosh athletes . . . Bill Huston, haberdashery pressurman, raced up to Cincinnati last Sunday and merged matrimonially with lovely Marcella Martin. Many men clutched their heads and groaned when the news came in. But to Mr. and Mrs. Huston, congratulations . . . All year long Austin Redding has escorted Betty Bosworth to dances, house hops and the cinema. But unembarrassedly she took Sunny Day's ring. But the Kappa Sig prex played a very sweet second fiddle . . . Stosh Nevers has plenty of variety when he romps. Tavern Annie Roberts and a deacon's daughter fill his life with beer and ice cream sodas. . . Peace convo's big obstacle was Evelyn Spears who held forth in the Commons third hour yesterday with six officers sitting desperately around her . . . Dick Robinson engages Tootsy Lowe in long talks, some gay, some serious. Her line is holding well but the quarterback is pretty good at going through the line . . . Take it, Boopy, it's too tough fer me.

**CUTTIN' UP THE CAMPUS**  
with JOANNA SAYLOR, guest columnist

This column is the second in a series of guest columns written by students on the campus. Anyone else wishing to write for this column is invited to do so. Copy must be handed in to me by Wednesday noon.

—T. Nadelstein.

**SPEAKING IN SUPERLATIVES:**

Ignorance—"Is Beethoven going to sing at Memorial hall this afternoon?"

Admiration—"He's the guy who can make 'Huh?' sound like an intelligent question."

Love—"Then I realized that it was Jimmy I loved, because he had already given me a diamond pin."

Honesty—"He had forgotten about the quiz, so I reminded him of it."

Ecstasy—"Ahhhhh—A corsage!"

**DON'T LOOK NOW, BUT—**the guy you asked for the answer to that third question is the prof's assistant, you dope!

**CAMPUSOUNDS:**

1. "I like you—I always did like silly boys."
2. "She isn't mysterious—she just has sense enough to keep quiet because she doesn't know anything to talk about."
3. "Do you know what makes her eyes look so dreamy today? It's because she didn't sleep long enough to dream last night."
4. "I can't figure out whether I'm in love or just bored."

**THEO-RIES:**

Some professors contend that all women are instinctively feline, but if women weren't catty would men have anything important to be superior about?

**THINGS WE COULD DO WITHOUT DEPARTMENT:**

1. Boys who say: "I wanted to dance with you last night but —."
2. Boys who cynically remark that all women are fickle.
3. Boys who flirt with their love's best girl friend.
4. Boys who flirt.
5. Boys.

**AND DO YOU REMEMBER:**

1. When your high school teachers told you that you HAD to study in college?
2. When you were a freshman and your profs announced that you had to study or flunk?
3. When you decided that you could get by without studying?
4. When you discovered that your high school teachers and your profs were right, after all?

**Scrap Irony**  
By HARRY WILLIAMS

**Thought of the Week:**

There seems to be something obnoxious about the letter "e" these days. People are going about writing books without using it, and what with one thing and another, it is becoming a socially ostracized letter altogether.

Now if the University would get into the swing of things and omit that particular letter from their grading system, think what a difference it would make around here. The students would cooperate and a letter home would look something like this: Darling Mom:

I got passing marks in all my work. My instructors now admit that I am a good scholar. I thought I would just notify you of the fact so you would know that I wasn't loafing.

Your loving son,

CARL CAMPUS.

**Sorry Similes:**

About as funny as that friend who reminds you that it's only five weeks until finals.

**Spring Is Here When:**

Regular fifty-minute lectures inspire wrist-watch glances. . . birds with insomnia "swing it" all night. . . little boys begin writing on fences. . . big boys don't know what to wear to formals. . . the botanical gardens seem the worst for wear. . . girls begin wheeling term papers out of their boy friends.

If the Supreme Court question is not to be settled until July, we will have plenty of time for one of those amazingly accurate polls by the "Literary Digest."

**Weekly Worry:**

Why spend money to beautify the campus and then tromp down the lush greenness in front of the Administration building with parades?

**Puzzle:**

Freddie is crazy about Arabella who is many years his senior. Arabella is in turn crazy about Tom. Tom doesn't know this because he has been married to her for about ten years. Tom is crazy about a waitress named Lou. Tom gets a divorce from Arabella. Why doesn't Freddie marry Arabella?

Answer: Because she's his mother, you dope.

**Spying On Other Campi**

Phlegmatic, crunch, flatulent, sap, cacophony, treacherous, plutocrat, jazz, gripe and plump are the ten most unpleasant words in the English language, says the National Association of Teachers of Speech.

A University of California history professor believes he has solved the problem of keeping his students from cutting classes. It seems he offers a daily prize for the best limericks summarizing his preceding lecture. It may be a step in the right direction, but try and write a ditty about the "History of Modern Thought."—The Stoutonia.

At the University of Iowa, classes wait three minutes for an instructor, five for an assistant instructor, eight for an assistant professor and twelve for a professor.

Students out at the University of California don't seem to believe in the honor system. In a recent poll by the Daily Californian 372 students voted against the present system while only 181 were in favor of it.—Los Angeles Junior College.

When the student of French at Columbia University published a review entitled "Chimere" recently, the Columbia Spectator, in its column, The Off-Hour, issued an amusing parody of their efforts, part of which we reproduce here.

**CHEMISE**  
Ewnee Enchfree Agazineme  
OU EST JOS  
Monsieur le Jos a disparu  
Il avait went away  
Mais tout a coup, je vous promets  
Il reviendra some day.

Because he cribbed in a two-hour exam, a student at Nebraska State College stood up before the 106 members of his zoology class and apologized to them, the instructor and the school.

Having a girl during the spring quarter, calculates a math wizard at the University of Minnesota, is equivalent to carrying 10 extra hours, for which you get some credit but no honor points.

Mrs. Franklin D. Roosevelt got a big kick out of her visit to a "certain college" for she referred to it humorously in a talk to the 150 Congressional wives who came to Washington with her in 1932.

"I went to a certain college," she said, "to speak twice—in the afternoon and evening. The college president was anxious that I shake hands with the audience after both programs. I explained that I didn't make a practice of it. But the president said, 'If you have to cancel anything, I'd rather you shook hands and didn't give the lectures.'"

## Andy Kirk To Swing At Phi Sig's Spring Formal

Phi Deuteron of Phi Sigma Kappa presents its annual spring formal Saturday night to the music of Andy Kirk and his Decca-Recording orchestra. The gym will be decorated in the Phi Sig fraternity colors, magenta and silver. Dancing will be from 9 until 12 o'clock.

Guests of the chapter will be Misses Billie Vance, Elizabeth Brown, Florence Kelley, Dorothy Young, Gladys Royce, Virginia Ferguson, Audrey Forster, Hazel Watts, Mary Neal Walden, Marian Clark, Kay Clifton, Evelyn Ewan, Lenora Fonville, Martha Barton, Betty Boyd, Ercelle Sanders, Dorothy Doyle, Helen Schorle, Eula Vere Macintosh, Mary Stoll, Jean Ann Overstreet, Elaine Allison, Helen Farmer, Margaret Pryor, Mary Ann Collins, Beatrice Monk, and Leslie Lee Jones.

The chaperones will be Dr. and Mrs. Frank L. McVey, Dean and Mrs. T. T. Jones, Dean and Mrs. Paul P. Boyd, Dean and Mrs. Edward Wiest, Dr. and Mrs. M. Hume Bedford, Prof. and Mrs. J. D. Williams, Prof. and Mrs. Ernest Bureau, Mr. and Mrs. A. L. Atchison, Mr. and Mrs. Carl S. Kelly, Dean Sarah Holmes, Mrs. Marylee Collins, Mr. and Mrs. A. L. Lathrem, Mrs. Ethel B. Roberts, and Mrs. Mary Hanley, housemother.

Members and pledges of the chapter are Dudley Murphy, George Spencer, William Bertram, Raymond Lathrem, George Kast, Alonzo Dorsey, Leroy Combs, Edwin Sweeney, E. Reginald Cantley, Will H. Wasson, Merlin B. Fields, Edsel Penn, Lloyd Hankins, Porter Ross, Mark Marlowe, Earl Cole, Carl Kelly, Douglas Warder, Julian Leifer, Mallam Lake, William Crowell, William Roberts, Robert Rankin, Harold Ewing, Edgar Boone, Robert Allen, John Goad, C. T. Forkner, Dominic Gentile, Walter Davis, Raymond Stewart, Kenneth Wallace, Irvine Sanford, Robert Sweeney, Pogue Harrison, and Charles Cole.

The dance committee is composed of Edwin Sweeney, chairman; E. Reginald Cantley, and Will H. Wasson.

**Founders' Day Banquet**

Xi of Alpha Xi Delta sorority entertained with its Founders' Day banquet Tuesday evening in the red room of the Lafayette hotel.

The program was a motif suggestive of New York City. The pledges represented Ellis Island, with Jane Murphy giving the talk; the freshmen represented the Bowery, with Marjorie Doyle as speaker; the sophomores represented Greenwich Village, with Jean McElroy as speaker; the juniors represented Manhattan, with Gladys Royce as spokesman; the seniors represented Park avenue, with Eleanor Davis as speaker, and the alumnae represented New York City as a whole, with Mrs. William L. Heiber Jr., as speaker.

The Ellis Island and Bowery groups were seated at tables covered with checkered cloths and centered with fantastic bouquets. The Manhattan and Greenwich Village groups sat at tables decorated in night club style; and the seniors and alumnae were seated at tables tastefully decorated with pink roses, and pink tapers in candleabra. Placecards held a different design for each group.

Actives and pledges present were Marjorie Doyle, Jane Murphy, Kemper Hicks, Nancy Lipscomb, Eleanor Arnett, Lovaine Lewis, Edith May Giltner, Evelyn Ewan, Jean McElroy, Florence Greene, Elaine Allison, Sue D. Sparks, Ann Wyatt, Eva Clay, Gladys Royce, Jean Glosier, Hazel Brown, Mary Miller, Pauline Harmon, Lydia Tucker, Virginia Ferguson, Eleanor Davis; Mrs. Price Fishback, housemother, and the following alumnae: Miss Natalie Linville, Miss Marie Beebe, Miss Mary Hocker, Mrs. Eugene Miller Barnes, Mrs. Glen Shepherd, Mrs. W. L. Heizer Jr., Mrs. Robert Lewis Wheeler, Miss Jane Moore Hamilton, Mrs. Russell Lutes, Miss Eloise Carrel and Mrs. Martin Bertram.

**Kappa Founders' Day**

Alumnae, actives and pledges of Kappa Kappa Gamma sorority will entertain with their annual Founders' Day banquet Friday evening at 6:30 o'clock at the Phoenix hotel.

The committee in charge of arrangements for the banquet is composed of Mildred Hart, Malinda Bush and Nell Craik.

Guests will include a number of alumnae from surrounding towns.

**Block and Bridle Dance**

The Block and Bridle club will hold a dance in the judging pavilion from 8 to 10:30 o'clock tonight. Joe Whetherill and his orchestra will play for the dance. The usual admission price of 25 cents per couple or stag will be charged.

When In Louisville Stop at the

## Adams Says Large Attendance Is Expected at Summer Session

Saying that "the enrollment in the early history of summer sessions largely consisted of persons who had failed in their work and wanted to make up credit," Dr. Jesse E. Adams, director of the Summer Session, declared yesterday in an interview concerning prospects for this summer's terms, that today "this group is an exceedingly small fraction of the summer school enrollment."

Continuing he declared that "the faculty is almost unanimous in its praise of the high grade students in summer classes."

"All indications point to the fact that more students now enrolled in the regular year will take advantage of the fine program being offered in the 1937 session," Doctor Adams said.

"More than a score of nationally known visiting instructors and approximately 175 of the University's resident faculty will offer courses this summer," Doctor Adams pointed out, adding that the University is represented in the membership of the Association of Deans and Directors of Summer Session, which consists of 32 of the larger universities, including Columbia, Chicago, Michigan, and Wisconsin.

Our own session is well up in the

DR. JESSE E. ADAMS

upper 50 percent of this group in enrollment, he said, and in 1936, more than 2,600 students were enrolled in the two terms, and of this number over 1,000 were graduate students.

By BETTY EARLE

**Phi Sigma Kappa**

Walter Davis, Edsel Penn, and William Crowell Jr. visited their respective homes in Maysville over the week-end.

Raymond Lathrem and Robert Allen visited their homes in Georgetown over the week-end.

William Bertram spent the week-end with his parents in Vanceburg. Dudley Murphy was the guest at the home of Gladys Royce in Danville Sunday.

Mary Neal Walden was a dinner guest Monday.

### Delta Zeta

Alpha Theta of Delta Zeta will entertain with a tea Thursday afternoon from 4:30 to 6 in honor of Mrs. Mary Anna Carpenter, province instructor.

Installation of new officers will be held tomorrow night at the chapter house for the following: Dixie Abram, president; Dorothy Santen, vice-president; Charlotte Percival, recording secretary, and rush chairman; Mariam Mehler, corresponding secretary; Margaret Massie, trinitarian; Ruth Schroeder, treasurer, and Mary Elizabeth Curtis, house president.

### Scabbard and Blade

Initiation ceremonies for twenty cadets in the advance corps of the University advanced military unit were held by Company D, 4th Regiment, Scabbard and Blade at 5:30 Sunday morning at the Home-makers' camp on the Kentucky river.

Those initiated were Cadet Sergeants Fillmore Slater, Phillip T. Porterfield, Orville Patton, Roger Brown, Clarence Wolfe, Joe Hicks, J. Rice Walker, Coleman Judy, Rodgers Baker, Jack Hoover, Stanley Hays, James Holt, Sam McDonald, Sam Nesbitt, Arthur Plummer, Joe Willson, Fred Flowers, Charles Maddox, Charles Landrum, and Jack Shanklin.

Guests of the chapter for the week-end were Lieut. Col. B. E. Brewer, Major George N. Randolph, and Major Irvine Scudder. The initiation ceremonies were conducted under the direction of Ben B. Fowler, captain of Company D.

## Social Briefs

### Kappa Alpha

Tuesday luncheon guests included Alice Catlett, Nell Shearer, and Carolyn Allen.

Guests at the house for lunch on Wednesday were Dot Hazelrigg and Elizabeth Hardwick.

R. J. Tilton and Nancy Phelps were Wednesday dinner guests.

### Phi Delta Theta

Sunday dinner guests included Lois Willette, Louisville, and Emily Quigley.

Luncheon guests during the week included Mary Morton Kirkpatrick, Leigh Brown, Charlotte Briggs, Nell Pennington, Pattie Field Van Meter, and Margaret Greathouse.

Bob Lewis spent the past week-end at his home in Burnside; Tommy McDonald spent the week-end in Eminence; Logan Brown went to Shelbyville Sunday, and Allen Heatt spent Sunday in Eminence. Ike Van Meter was a week-end guest at the house.

### Triangle

The following men will attend the installation of the Marquette chapter of Triangle in Milwaukee, Wis., on April 24: Ed Wallis, Robert Spicer, B. A. Menchero, Henry Miller, Russell Ramey, Charles Carney, Pete Zaharias, Carlo Begley, Frank Lambert, and Charles Reeves.

Estill Hundley spent Tuesday night at the house.

### Sigma Chi

Dorothy Hillenmeyer was a guest at the house for lunch Tuesday.

Frances Siedd was a luncheon guest Monday.

Willis Jones, James Palmore, and William Pauley spent the week-end in Louisville.

Gordon Buggie and Robert Stevenson were in Cincinnati Tuesday and Wednesday to attend the opening of the Cincinnati baseball season.

Frank Johnson Hays and Gayle Fields went to Cincinnati Wednesday to attend a baseball game.

Red Sympton, Bardtown, was a guest at the house during the past week.

### Chi Omega

Lucy Maddox, Blakeley, Ga., attended the Chi Omega formal Saturday night and is spending several days at the house.

Janice Mitchell, Portsmouth, Ohio, was a guest at the house over the week-end.

## Fishing for Fashions

Today color is here — and everywhere in men's wear. But color isn't the only change, for many new and interesting sport garments have found their way into the daily wardrobe of the male of the species.

For instance, the new Arrow shirts in deep-tone plaids, a new and colorful note in accessories for Spring. These shirts have the Arosset non-wilt collar, and they fill the demand for a semi-sports shirt that can be worn for either business or sport.

The Stetson Sportlite hat is ideally adapted for spectator sports wear. Brisk and trim in style, light in weight, it is finished in a stunning range of light pastel shades.

The newest note in sweaters is a baby shaker with a six-inch ribbon bottom. Turned up high around the waist, it is becoming to almost all types of men. Available in new solid colors.

## CLUB RELEASES JUDGING AWARDS

Shouse Addresses Block and Bridle Banquet At Which Prizes Are Awarded and Officers Are Presented

Presentation of stock judging awards was made at the Block and Bridle banquet Tuesday night in the Thoroughbred room of the Phoenix hotel, following an address delivered by S. Headley Shouse, president of the Fayette County Farm Bureau.

Dean Thomas Poe Cooper, of the College of Agriculture, in a brief address, complimented the members of the group upon the good work of the club during this school year.

Prof. E. S. Good, head of the department of animal husbandry, presented the awards. Frank Bell won the senior medal, Harlan Veal the upperclassman cup, and William Hardin the freshman cup.

Edwin Yoakum was the winner of the group from Berea College, which participated in the contest. Other awards were: Sol Goldstein, first in hog judging; Frank Bell, first in sheep; Harlan Veal and Karl Whitaker tied for first in dairy cattle judging. Seventeen men placed the beef cattle correctly.

New officers of the organization were presented during the banquet. They are Harold Binkley, president; Carl Camenisch, vice-president; Andrew Hardesty, secretary; Hyman Veal, treasurer, and James Kabler, marshal.

## FBI REPRESENTATIVE OUTLINES PROCEDURE

O. C. Dewey, field agent at Louisville for the Federal Bureau of Investigation, Department of Justice, addressed juniors and seniors of the College of Commerce and students of the College of Law yesterday afternoon in room 303, White hall.

Mr. Dewey outlined the procedure of selecting personnel, accomplishments of the bureau, identification methods, work of the technical laboratory, and opportunities for promotion.

## Plummer Slated For Talk At West Virginia Meeting

PROF. NIEL PLUMMER - FORMER SENIOR

Niel Plummer, assistant professor of journalism, will address a group of high school and college journalism teachers at the annual West Virginia High School Press association convention, which will be held May 1, at Marshall College, Huntington, W. Va.

## FLYNN WILL SPEAK AT CLUB BANQUET

Fred Flynn, manager of Falls Cities Cooperative Milk Producers association, Louisville, will be the principal speaker at the Dairy club meeting Tuesday night in the Dairy building. Dave Pettus, president, will preside.

Mr. Flynn will discuss the problems dealing with the misunderstandings between the producers and the milk dealers.

On May 4, the Dairy club will hold the annual honor banquet in the University Commons. The honor banquet is held for the purpose of honoring an outstanding man in the dairy industry who has contributed much to the betterment and furtherance of the dairy industry in Kentucky.

## DRAFTING ROOMS READY FOR USE

New Engineering Rooms Are Most Spacious and Modern Of Any Drafting Unit In The South

One-half of the new engineering drafting room has been made ready for occupancy and students are being transferred from other drawing rooms to the new structure.

The room will accommodate as many as 200 students at one time and will serve every engineer in the University, according to Elgan B. Farris, instructor in drawing.

Measuring 270 feet in length and 40 feet in width, it is one of the largest drafting rooms in the South. At the north end of the building is located the blueprint and photostatic room, while at the opposite end are found the faculty offices.

Features of the building include indirect lighting, artificial ventilation, and excellent acoustics. Spacious windows afford a view of the landscape without which is very important in counteracting the eye strain caused by drafting exercises.

## WAC BANQUET

(Continued from Page One)

Miss Mildred Lewis, sang three numbers. Theo Nadelstein, president of Theta Sigma Phi, presented a cup to Patricia Hamilton for outstanding work in freshman journalism. Recognition ribbons were then given to Eleanor Randolph for exceptional journalistic achievement. Kathryn Flannery, president of Chi Delta Phi, introduced the pledges of that organization: Leslie Lee Jones, Vera Gillespie, Grace Silverman, and Inez Baisden.

The W. A. C. entry was represented by Virginia Dyer, tap dancer, accompanied by Carolyn Sigler.

The "Blue Ribbon Winners," those women who had achieved a perfect standing for the fall semester, were presented. They were, in the College of Arts and Sciences, Harriet Hendershot, Irene Birk, Katherine Crouse, Margaret Masie, Eleanor Mitts, Theo Nadelstein, Mary E. Rentz, Sue D. Sparks, Isabelle Whitaker; in the College of Commerce, Elizabeth Lutkemeier and Evelyn McAllister.

The Mortar Board freshman scholarship cups were awarded by Nell Nevins, president, to Harriet Hendershot, a major in medical technology, and Irene Birk, a major in chemistry, both of whom had made perfect standings. Two pairs of book-ends were also given to Jane Day and Frances Clark, the Patterson hall residents who had kept the neatest room for the school year.

Mary Jane Roby then conducted the pledging service for Omens, sophomore honorary. Those honored were Jeanne Barker, Alpha Gamma Delta, Louisville; Eloise Westendorf, Alpha Gamma Delta, Ft. Thomas; Betty Elliott, Delta Delta Delta, Lexington; Dorothy Calhoun, Kappa Kappa Gamma, Lexington; Ruth Peak, Kappa Kappa Gamma, Lexington; Susan Jackson, Chi Omega, Lexington; Mary Stewart Pile, Chi Omega, Harned; Harriet Hendershot, Kappa Delta, Louisville; Hazel Perkins, Independent, Somerset; Mary Lou McFarland, Kappa Delta, Lexington; Eleanor Rankin, Independent, Independence; Susan Price, Delta Zeta, Lexington; Elna Winkler, Kappa Delta, Irvine; Mary Lou Dixon, Kappa Delta, Lexington; Patricia Hamilton, Kappa Kappa Gamma, Lexington; Irene E. Birk, Independent, Owensboro; and Mrs. Ethel Lebus.

Helen Farmer presented the remaining officers of W. A. C., Hazel Brown, treasurer, and Sara Cundiff, secretary. She also acknowledged the services of the "placing judges," Mrs. Sarah B. Holmes, Mrs. Ethel Lebus, Miss Helen King, Miss Edith Grundemeier, Miss Mildred Lewis, Miss Mary Johnston, Miss Anita Gardner, and those of the "racing officials," Mamie Hart, decoration; Eleanor Snedeker, food; Mary Edith Bach, program; Betty Earle, publicity; Betty Gilbert, tickets.

The Commons had been decorated in the form of racing stables, with the various studs represented by their colors. Programs were regular racing forms, and souvenir copies of the Keeneland opening were given as favors.

Virginia has a law which requires that apples shipped in closed packages, must be accurately and honestly branded in accordance with their actual condition.

## Seniors Annual Tree Planting To Be 11 A. M. Today

DICK BUTLER

The annual tree planting ceremonies of the senior class will be held at 11 a. m. today. Dick Butler, president of the senior class, said yesterday. At this time a red oak will be planted at the right of the Limestone street entrance to the University, and Granville Byrne, prominent member of the graduating class, will give a short talk.

## Twenty-Six Murals By Designer Long In Art Center Show

Twenty-six block prints by Frank Long, Berea, designer of the browsing room murals, were placed on exhibit in the Art Center Tuesday.

Some of the prints belong to a published series, "Labors of Hercules." Street scenes in Chicago are represented in some of the prints while others have a French atmosphere. A number of the prints are about cats.

Mr. Long is now engaged in designing murals for the new Federal Building in Louisville and the postoffice in Hagerstown, Md.

Twelve color facsimile reproductions of contemporary American paintings will be added to the exhibit next Monday.

The reproductions are the fourth in a series by Living American Art, Inc., shown this year by the University department of art. Among those that will be shown are reproduction of paintings by such American artists as John Carroll, Eugene Speicher, Henry Varnum Poor, and Henry Lee McFee.

Glen Morris, Olympic star, has signed a motion picture contract to play the part of "Tarzan."

## Seeing Sport Stuff

By TOM WATKINS  
Kernel Sports Editor

THE Wildcat tennis team, minus the services of their captain, Dave Randall, who is now on the sick list because of an appendicitis operation, began their season yesterday on the home courts against the University of Indiana. This match precipitated an intensive series of meets for the 'Cat netmen, all to be played in less than two weeks. Today they meet Sewanee on the home courts, and follow this with a contest with Wayne University Saturday. Monday marks the last home meet of this particular session, when the Wildcat racquet wielders meet Berea.

On Tuesday, they depart for the Deep South, there to meet four teams in as many consecutive days. Tennessee, Georgia Tech, Georgia, and Sewanee comprise the list of opponents to be met on this particular tour the spearhead of which is to be Atlanta.

The most sensational male tennis star produced by the decade of the 'twenties was the old maestro, Big Bill Tilden, the master of the cannon-ball serve. Tilden shared some of his court glory with Vincent Richards, the bad boy of tennis, and the vivacious, spectacular Frenchmen, Jean Borotra and Henri Cochet. At the beginning of the present decade, a new star arose in the tennis heaven. On the lips of every court fan was heard the name of the lanky Californian, Ellsworth Vines. For two years this pushed even the old veterans into the background. Then two young gentlemen from different parts of the British Empire came into the public eye. Jack Crawford, of Australia, and Fred Perry, English star, began to attract notice because of their many victories. The latter is the most noted of all the stars of the present day. Betsy Grant, the Georgia mite, Wilmer Allison, and

George Lott all share the limelight with Perry, and Vines still holds sway in the professional circles. And, in the background, not yet a mythical silhouette, looming above all, is the lanky figure of Big Bill Tilden, the star of the Golden Age of Sport.

With the return of fair spring weather to the country, the perennial question is heard, "Who will win the National League and American League pennants this year?" This column will string along with the New York clubs, the Giants and the Yankees. The Yankees have the power, and the Gants, never such strong beginners, are nevertheless strong when the crucial time comes. George Kerler, a rabid fan, declares in no uncertain terms that the Pittsburgh Pirates and New York Yankees will compete in the World Series next autumn. Niel Plummer, professor in the department of journalism, stated that in view of his complete flop as a pre-season predictor last season, he would back the St. Louis Cardinals and the Yankees rather quietly, but firmly. A gridiron figure, Bob Pritchard, agreed with Mr. Plummer and will also stick with the Yankees and the boys from the City of the Blues.

## EIGHT PROMINENT COACHES WILL TEACH DURING SUMMER SCHOOL

Six prominent football coaches and two outstanding basketball mentors will conduct physical education courses open to graduate and undergraduate students during the two terms of the summer session, officials of the physical education department announced yesterday.

Claude "Little Monk" Simons, head coach at Transylvania College and former Tulane University gridder, who aided several bad defeats the Green Wave handed to the Wildcats while he was matriculating in New Orleans, will be one of the three local coaches who will conduct classes.

Representing the University will be Frank Moseley and Bernie Shively. Shively was an All American guard at Illinois in 1926. He came to the University as line coach under Harry Gamage. Two years ago, in '35, he resigned this job which he had kept under Chet Wynne, to take the job of athletic director of University high school. Shively is also on the physical educational staff of the University and works as a basketball and football referee in Central Kentucky.

Moseley starred at quarterback for Alabama a few years back. He came to the University with Coach Wynne to take over the duties of backfield coach for the gridder. He is also coach of the Wildcat boxing team and tutored the boys who won seven out of eight of the recent Lexington Golden Gloves titles.

Two former Wildcat football players will also be on the pigskin teaching staff. Joe Rupert, captain of the Big Blue team in 1934, will come from Catlettsburg high school where he is coach, to aid in the summer school. Joe was one of the greatest ends ever turned out at the University. Frank Seale, gigantic center of the '33 Wildcat team, will be the other former 'Cat gridder to teach in this school. Seale is at the present tutor at Big Stone Gap high school in Virginia.

Rounding out the group of football coaches will be Ralph McRight coach of the Hopkinsville high school team. McRight is a former University of Tennessee footballer. He played on the renown team which snatched a 6 to 6 tie from the Blue and White in the famous battle in the snow of 1930.

Heading the basketball coaches who will teach at this summer session will be Adolph Rupp of the Wildcat hoopsters. Coach Rupp has been mentor for the University basketballers for seven years and during this time has turned out two conference champions and one runner

up to the Southern title. He has made the Wildcats the most feared quintet in southern circles. His most recent success was the winning of the Southeastern crown this past season.

Also teaching the basketball classes will be Clifford Wells, coach of the Loganport, Indiana, high school basketball team. Wells is one of the best known high school mentors in the country. He has turned out several championship teams since he took up the job of coaching. His teams at Loganport are among the best high school teams in the nation every year.

## P. T. A. RELATIONS DISCUSSED

Mrs. Jesse E. Adams, wife of Dr. Jesse E. Adams, head of the department of philosophy of education; and Mrs. A. B. Crawford, wife of Dr. A. B. Crawford, assistant in the bureau of school service, are attending the nineteenth annual state convention of the Kentucky Congress of Parents and Teachers, which opened Tuesday at Frankfort and will continue through today. Both Mrs. Adams and Mrs. Crawford led discussions of various phases of parent-school relationships.

## LEWIS ELECTED TO OFFICE

John Lewis, director of the band, was elected president of the Kentucky Band and Orchestra Directors' association at a meeting in connection with the K. E. A. in Louisville, it was announced yesterday.

## UKy Glee Club To Give Program At Anchorage High

PROF. CARL LAMPERT

Thirty-five members of the Men's Glee club, under the direction of Prof. C. A. Lampert, head of the department of music, will give a program at the Anchorage high school Tuesday evening, April 27. Soloists will be Miss Catherine Park, soprano, and Miss Sarah Elizabeth McLean who will give a reading.

Arrangements for the presentation of the program were made by Horace Mercer, teacher at the high school and an alumnus of the University.

The baseball scribes of the American Association pick the St. Paul team to win the association with the Minneapolis Millers running them a close second. The Louisville Colonels were picked to finish last.

## HANOVER'S PIANO-KEY MOLARS CLINCH AS HE THINKS OF DERBY

Hanover's bones are suffering from a case of nerves. Yea verily, the bones of this gallant hero of the turf, which stand at rigid attention in the confines of a glass case in the Museum, are all a quiver with excitement. Every muscle is drawn, thin lines are appearing about the eye sockets, and his piano key teeth are clinched tight with determination. In other words, Hanover has the jitters. This is no new ailment to the beloved bones of this great thoroughbred. On the

contrary, Hanover becomes a victim of these spells at this time every year. Hanover's seventh sense, if bones have any sense, has again told him that another Kentucky Derby is just around the corner.

Although this powerful colt never won a Kentucky Derby, the desire and determination are still within what remains of his equine chassis. A goal never reached in life, and certainly never to be achieved in death, is probably Hanover's dream as his unseeing eyes gaze wearily at the plastered walls of his present environment.

Aw, but wait, this great horse, sired by Hindoo, out of Bourbon Bell, has had his day. In fact, he has had many days, all of which are still the envy of the horse kingdom. Bred in 1884, Hanover was running and winning races long before the Spanish American War, and certainly long before any one gave any of us students much thought.

As a two-year-old, Hanover won the Sapling, the Hopeful, and the Belmont Stakes at Monmouth Park. As a three-year-old, his success was outstanding. Out of 27 starts he was triumphant in 20. Among his most famous races were the Brookdale Handicap, the Coney Island Derby, the Withers, and the Belmont Stakes. Also included on this list are the Swift, the Tidal, the Spendthrift, and the Emporium Stakes.

Perhaps Hanover's greatest race was the Emporium Stakes when he carried 128 pounds over a mile and a half course in two minutes, 35 and three-quarters seconds. In doing this he greeted the judges at the finish line quite some distance

## Sport Shorts

By LOUIS HAYNES

Floyd "Babe" Herman, Cincinnati Red outfielder, was sold to the Detroit Tigers of the American League. Herman refused to sign a \$5,000 contract with the Reds.

Bob Feller is the most discussed man in the major leagues. The young Cleveland rookie pitcher is one of the best drawing cards in baseball, as shown on his trip north from spring training. Everywhere the fans shouted, "We want Feller."

Alfonso Unda, 50-year-old veteran Mexican tennis player, will pair with 21-year-old Daniel Hernandez in doubles for Mexico against Australia.

The New York Yankees made one of the prize catches of the season when they snatched young Tommy Henrich away from the scouts of the other major league clubs who were bidding for the outfielder.

## THAT NICE NUDE FEELING...PLUS STYLE

● You feel as cool as nude. Yet others see you smartly dressed. That's the way Palm Beach adds up.

● There are no other summer clothes in which you can look so trimly tailored and so shipshape, yet feel so unhampered, so breeze-blown, so utterly glad-to-be-alive.

● The real big sensational news about

## PALM BEACH

this year is the assortment of rich, darker-tone mixtures which look like imported worsteds—Bradford stripes, Harlequin or two-color stripes, pin-point mixtures and handsome solid shades. Get yours now while selections are at top form. Enjoy their smartness and economy today as well as later.

\$16.75

GOODALL COMPANY • CINCINNATI

in front of some of the finest horses of that time.

This being the case, it is little wonder that the bones of this great stallion become vibrant as the Kentucky Derby approaches. Naturally, he may feel that after some of the races which he has won that this would be a walkaway for him. Maybe it would, and maybe it wouldn't. It's a cinch nobody is going to find out now.

Be that as it may, there is no doubt that a decided change takes place in our museum at this time every year. Not only are there more people visiting this building, but among the many skeletons which lay there, only one seems to

have anything in common with the world today. A king who has added much to the sport of kings. A king who truly was a king of his kind, and who again becomes king as the greatest turf classic of the country draws near. No wonder Hanover's spirit awakens as the day for another triumph nears.

## BAND FESTIVAL

Schools from all over Kentucky will be represented at the high school band festival to be held here April 29 to May 1, it was announced yesterday. Contests will be held for bands, orchestras, and glee clubs.

Eat SWIFT'S ICE CREAM. It gives you, night or day—whether you eat it by the pint or drink a cool and refreshing malt—additional energy.

## INTRAMURAL

By MACK HUGHES

The past week's play in the ping pong singles saw a new champion crowned. The Phi Tau's capitalized on this event, having members as both finalists. Tabeling, of this Greek order, defeated brother Waincott for the table tennis crown.

The Independent Gas House Gang, coached by Lexie Potter, set themselves up as favorites to win the diamond ball crown by their brilliant playing in their game with the SPE's on Monday. In one inning of this game the Independent team ran up 14 runs. The final score was 23 to 0.

First round golf is being played off this week but no results have been posted as yet.

Horse shoe pitching and tennis are being held up until better accommodations can be made for playing them off. The tennis courts have been in constant use by the tennis team in its preparations for the opening games on its schedule. The netters will use the courts to play these matches on, on the remaining days of this week.

The construction of the Student Union building forced the removal of the horse shoe pitching pits but a new location has been found and new pits are under construction. As soon as they are finished these intramural matches will begin.

Campus Peepers  
Survey Campus,  
Not Patt Hall

By ARTHUR DOTSON

Have you noticed students on the campus that seem very busy looking through a telescope? From observation it might appear that they are trying to look into the windows of Patterson hall, but such is not the case. These peepers have a definite aim. They are civil engineering students taking a course in surveying.

Upon inquiring it was found that four students are employed to work together, and to draw a map of 20 sections of the campus covering about 200,000 square feet in an allotted time of nine weeks. This map will show the elevation of land (illustrated by contour lines with an interval of one foot vertical), and the different buildings, shrubs, trees, and walks (illustrated by conventional signs).

While crossing the campus you have probably noticed battle tops with a nail in the top embedded in the walks. These are points of known elevation where lines traversing the campus intersect, and are made by the students. From any of these known points, a level may be placed, and by sighting through at a long ruler like object, which is marked off in tenths and hundredths of a foot, and called a level rod, a person can determine the elevation of any point.

Prof. R. E. Shaver, who is known as "Zeke," by the civil engineering students, is the individual who is accountable for the maneuvers of the students. He instructs in the first look through the transit, which is the first surveying instrument used, and directs progress up to the period of precise methods, where a student is taught to make allowances for temperature and turning angles.

Student Vaguely  
Realizes That  
Spring Is Here

Spring and term paper time has arrived. Did you see him yesterday morning. No, not spring, but the long-drawn-out student lugging nine, yes nine, books to school.

When approached and questioned, he said: "Huh?"

"What are you doing with all those books?" he was asked.

"Oh, just returning them to the library."

"Then you have read them?"

"No, just read three of them."

"What did you do with the others? You didn't carry them home just for the exercise did you?"

"Come to think of it, maybe I did. But really, I thumbed through them and got the highlights."

"Well, what are you going to do now, since you have waded through the nine books?"

"Write a term paper."

"Who on?"

"Mussolini."

"Is Mussolini that important?"

"No, but the grade is."

## PEAK SPEAKS AT MEETING

Bart N. Peak, secretary of the Y. M. C. A., was guest speaker at a meeting of the Girl Reserves committee of the Y. W. C. A. Monday night at the Lexington Y. W. C. A. cafeteria. His talk was titled "The Fourfold Life as Taught by the Girl Reserves." More than 50 persons attended.

## TRIMBLE SPEAKS AT PARIS

Dr. E. G. Trimble, assistant professor of the department of political science, spoke on "The Supreme Court and the Constitution" at a meeting of the Paris Public Forum last night at Paris. He spoke on the same subject at noon yesterday before the Frankfort Kiwanis club, and at a meeting of the Lawrenceburg Rotary club Tuesday.

COLLEGE MAN TELLS COLLEGE  
MEN HISTORY OF VARIOUS PIPES

By E. H. MUESCHLER

You are a college man. You smoke a pipe, if not all the time, at least occasionally, but just how much do you know about the pipe you are smoking, or about the various kinds, or the evolution, or the romance of pipes?

The American Indians are credited with having first used pipes. The story connected with this is that the red man, while kindling a fire with leaves (which happened to be tobacco leaves), noticed the pleasing effect of the smoke, and native ingenuity resulted in the "ground-pipe," which was merely a hole in the ground with a hollow stem thrust into it. A while later it was discovered that a pipe that could be held in the hand could be made out of clay, wood, stone, sea-shells, bones, and horns of animals—this was a great step forward in the evolution of the pipe.

"The Pipe of Peace," or the "Calumet" as it was called, was the most important pipe of the American Indian. They were made from "Pipestone," a soft, easily carved stone found in a quarry at what is now called Pipestone, Minnesota. The Calumet had important religious significance to the Indians; it was used in their ceremonies and was sometimes buried with their chiefs as an offering so that the chief could make his peace with the Great Warrior.

Early European explorers brought the pipe to England, principally among these was Sir Walter Raleigh, and from this evolved the familiar long-stemmed, clay "Churchwarden," so familiar in the English sporting prints of that period. Shortly after this, the Germans developed the porcelain pipe, which is still so popular in that country today.

After progressing this far, pipes were being developed all over the world, each nation varying the pipe to suit its own likes and dislikes. The "Hookah" or water pipe was invented by the inhabitants of the Eastern Mediterranean and has become the national pipe of Turkey. The calabash gourd from Africa were found to have excellent smoking qualities and the Boers have made them popular throughout the world, and France claims the cherrywood as her national pipe.

While some historians contend that pipes were known in China long before they were introduced from America, it is generally conceded that the long, bamboo-stemmed, small metal-bowled pipes of the East are but an adaptation of the pipes of Europe.

While meerschaum is a native material of Turkey, the first pipes of this material were made in Vienna, the best of which are still made there, all the meerschaum used being imported.

Library Gets Ten  
Medical Ledgers

Ten ledgers, representing the business end of a Kentucky medical practice from 1860-80, have been given the University library by Dr. William Allen Pusey, Chicago.

The ledgers were originally owned by Dr. Pusey's father, Dr. Robert E. Pusey of Elizabethtown. The records will be valuable to students of Kentucky history, particularly to those studying the medical history of the state. They will be kept in the library for research reference.

Two copies of the "Cherokee Advocate," a newspaper printed partly in English and partly in Cherokee in 1901, have been presented to the library by C. R. Gilmore, Tulsa, Okla., class of 1901.

The paper was printed at Tahlequah, Indian Territory, and was the "official organ of the Cherokee nation." In one of the issues, the "burning question" of whether or not Indian Territory, now Oklahoma, should become a state was debated.

Contained in the editorial page of one of the issues in the following ironical reference to white reference: "We do not see how the Cherokees have ever succeeded in running their government in the last hundred years without the aid of the people who moved here from other states."

Clipshave

Here's the shaver you've been waiting for its flat, two-way shearing head—non-clogging and amazingly efficient—gives smoother, closer, quicker shaves. No blades, brush or bother. Drop in today and see how it works.

Hutchinson  
Drugs.MAIN & DEWEES STREETS  
PHONE 21 AND 640.Eastern Kentucky  
To Hear Rannells  
Lecture On Art

PROF. EDWARD RANNELLS

Five cities in Eastern Kentucky will be visited by Prof. Edward W. Rannells, head of the department of art, in a lecture and judging tour the second week in May, beginning May 10.

Lectures on the general subject, "The Language of Art," will be given in Jackson, Hazard, Fleming, and Jenkins, at the local high schools.

Tuesday, May 11, Professor Rannells will go to Pikeville from Jenkins, to judge an exhibition of pictures being shown at the annual convention of the Kentucky State Federation of Women's clubs.

The talks to be presented by Professor Rannells will be illustrated by drawings to be executed in front of the audiences.

## FRITZLAN GETS FELLOWSHIP

David Fritzlan, graduate assistant in the department of political science, has recently been awarded a fellowship to the Fletcher School of Public Law and Diplomacy. Mr. Fritzlan is the third graduate student of the department who has received a fellowship from this school. Robert Stewart and Stuart Lester were other two to attain this honor.

Joe Benda has signed a contract to be end coach at Notre Dame next year. He replaces the late Johnny O'Brien who died in an automobile accident.

Campus Scene At  
First Regimental  
Parade Is Varied

Scene: Lawn in front of Administration building.

Time: Just prior to the first regimental parade yesterday.

Commissioned officer: "I know that members of the R. O. T. C. will cooperate with me today in putting on a good parade. Don't forget...the inspector is coming soon."

Irene Sparks, company sponsor: "Gee, but Flowers looks cute today...but I don't like the way she has her hair fixed. Now let me think...do I go to the right of the Company commander or to the left when..."

Cadet lieutenant Murphy (slapping a fly on his neck): "Name it and you can have it."

Cadet second lieutenant Kast: "Keep quiet in there...you're at attention."

Sergeant—(with pseudo-enthusiasm): "Give 'em hell in there...when you pass the reviewing stand"

...keep that line straight...and...damn you...keep in step."

Any cadet: "Damn these parades! Damn that sun!"

## GRIFFITH'S MARCH CHOSEN

"Defiance," a march by Robert Griffith, senior in the department of music, has been selected as the sight reading material for the state high school band contests in Illinois, it was announced yesterday. The march was published last semester in Chicago.

HEY LOOK, MEN!

100% O.K.

A perfect exam grade... Yes, and that's a perfect cigar he's smoking. It's a LITTLE FENDRICH PANETELA... the mildest, most enjoyable smoke ever... (It's made from imported long-filler tobaccos)... And we'll bet that he and all the fellows are unanimous in pronouncing..LITTLE.. FENDRICH Cigars... 100%... O. K.!!

## ALL HONOR

X MARKS THE SPOT where once there was a thick juicy steak smothered in mushrooms—Lou's favorite dish. Gehrig is a big man—6 ft. 1 in. tall—weighs 210 pounds. And he has a big man's appetite. Lou eats what he wants and isn't bashful about coming back for "seconds." So for smoking Camels at mealtime and afterward, you have Lou's own words: "I've found that smoking Camels and eating go together naturally." Choose Camels for your cigarette and see how they help to ease tension, paving the way to good digestion. Smoking Camels at mealtime and afterward speeds up the flow of digestive fluids. Alkalinity also is increased. Thus Camels give you a delightful sense of well-being... they set you right! Smokers find that they can enjoy Camels steadily—between meals as well as at meals—and that Camels never get on their nerves.

## TO A GREAT ATHLETE

LARRUPING

LOU GEHRIG

OF THE WORLD'S CHAMPION NEW YORK YANKEES

LOU GEHRIG HOLDS MORE RECORDS than any other player in the game today. Here are a few for any four-game World Series: most runs batted in (9); most home-runs (4); most bases on balls (6). He has knocked 4 home-runs in one game—scored 100 or more runs and batted in 100 or more runs for 11 consecutive seasons.

BASEBALL'S "IRON-MAN"! When Lou steps on the field, for his first game of the 1937 season—he'll be playing his 1,809th consecutive game. Injuries never stopped Gehrig. Once he chipped a bone in his foot—yet knocked out a homer, two doubles, and a single next day. Another time, he was knocked out by a "bean ball," yet next day wallopped 3 triples in 5 innings. Gehrig's record is proof of his splendid physical condition. As Lou says: "I've been careful about my physical condition. Smoke? I enjoy it. My cigarette is Camel."

HERE'S LOU'S FAVORITE BAT and his favorite first baseman's mitt. His bat is especially made. He wears out two mits a season. Last year, with 1,377 put-outs, his brilliant play at first base was only 6/1000ths short of PERFECT.

FOR A SENSE OF DEEP-DOWN CONTENTMENT—JUST GIVE ME CAMELS. AFTER A GOOD MAN-SIZED MEAL, THAT LITTLE PHRASE "CAMELS SET YOU RIGHT" COVERS THE WAY I FEEL. CAMELS SET ME RIGHT, WHETHER I'M EATING, WORKING—OR JUST ENJOYING LIFE.

"ANOTHER BIG REASON why I prefer Camels,"—continues Lou, (above)—"is that I get a 'lift' with a Camel!" Enjoy Camels freely—they're friendly to the throat.
